Want to really enjoy the game?

Discover your inner "tiger" with this 8 week series of women only clinics for *new and developing* golfers.

- Week one** Swing, grip, posture & balance foundations.
- two** Achieving great ball flight, getting power into your swing through body motion.
- three** Coordinating your arm swing, connecting your arm & body for a smooth swing.
- four** Pitching like a pro.
- five** Chipping like a veteran.
- six** Bunkers made easy.
- seven** Putting like a star.
- eight** Thinking like a golfer by planning & executing good shots, lowering your score forever!
